NATIONAL COUNCIL OF ENGINEERING EXAMINERS

The Montana Board of Professional Engineers and Land Surveyors is a member of the National Council of Engineering Examiners. This organization was founded on November 8, 1920, and membership includes all fifty states, Canal Zone, Guam, Puerto Rico and the Virgin Islands.

The purpose of the council is to provide an organization through which state boards may act and counsel together to better discharge their responsibilities in regulating the practice of engineering and land surveying as it relates to the welfare of the public in safeguarding life, health and property, as follows:

1. Improvements in engineering and land surveying registration laws, their administration and effectiveness.
2. Uniformity of standards and practices in engineering and land surveying registration.
3. General acceptance of inter-board recognition of registration of engineers and land surveyors.
4. By defining and maintaining nationally recognized qualifications for professional engineering and land surveying registration.

Mrs. Lorraine Cauthern
Executive Secretary
P.O. Box 5000
Seneca, South Carolina 29678

CALL FOR THIS CARD

MONTANA BOARD OF
PROFESSIONAL ENGINEERS AND LAND SURVEYORS

THIS IS TO CERTIFY, That

having given satisfactory evidence of the necessary qualifications as required by the laws of the Legislative Assembly of the State of Montana, has been duly registered and hereby authorized to practice.

PROFESSIONAL ENGINEERING in the State of Montana

IN TESTIMONY WHEREOF, witness and signature of the Chairman and Secretary under Seal of the Board.

.....
Chairman

.....
Secretary

This Certificate of Registration will expire December 31, 1977, unless a renewal is issued in accordance with law.

OR

MONTANA BOARD OF
PROFESSIONAL ENGINEERS AND LAND SURVEYORS

THIS IS TO CERTIFY, That

having given satisfactory evidence of the necessary qualifications as required by the laws of the Legislative Assembly of the State of Montana, has been duly registered and hereby authorized to practice.

LAND SURVEYING in the State of Montana.

IN TESTIMONY WHEREOF, witness and signature of the Chairman and Secretary under Seal of the Board.

.....
Chairman

.....
Secretary

This Certificate of Registration will expire December 31, 1977, unless a renewal is issued in accordance with law.

Individuals who have qualified to practice Professional Engineering or Land Surveying work have one. Some are qualified to practice both. Those who are not qualified do not have one and cannot get one.

The above card is your assurance that the Board has certified the recipient to be properly qualified.

TO ALL REGISTRANTS:

At a regular meeting of this Board held on March 27, 1974, the following motion was made and unanimously passed:

"Whereas the preparation of an Environmental Impact Statement under both federal and state law almost invariably involves the practice of engineering as defined by Mont. R.C. 66-2349, The Board of Professional Engineers and Land Surveyors hereby advises that the public interest requires that the engineering aspects of an Environmental Statement be prepared by and under the direct supervision of a Registered Engineer, and bear his seal and signature."

In compliance with this resolution, Environmental Impact Statements must bear the seal and signature of the Registered Professional Engineer who prepared the engineering aspects of the Environmental Impact Statement, or of the Registered Professional Engineer under whose immediate and responsible direction the Statement was prepared.

REMINDER

The Board wishes to remind all registrants that in accordance with Mont. R.C. 66-2363, (see page 15 of Roster . . . "Plans, specifications, plats and reports prepared by a registrant, shall be stamped with the registrant's seal when filed with public authorities."

82A-1602.11 BOARD OF PROFESSIONAL ENGINEERS AND LAND SURVEYORS - APPOINTMENT - QUALIFICATIONS - REMOVAL - TERM.

(1) There is a Board of Professional Engineers and Land Surveyors.

(2) The Board consists of seven (7) members appointed by the governor.
The members are:

(a) Five (5) professional engineers who have been engaged in the practice of engineering for at least twelve (12) years, and who have been in responsible charge of engineering teaching, or important engineering work for at least five (5) years, and registered in Montana for at least five years. No more than two (2) of these members may be from the same branch of engineering.

(b) Two (2) registered and practicing land surveyors who have been engaged in the practice of land surveying for at least twelve (12) years, and who have been in responsible charge of land surveying or important land surveying work for at least five (5) years, and registered in Montana for at least five (5) years.

(3) Each member shall be a citizen of the United States, and a resident of this state. A member, after serving two (2) consecutive terms, shall not be reappointed for a period of two (2) years.

(4) Each member shall serve for a term of five (5) years. The governor may remove a member for misconduct, incompetency, neglect of duty, or for any other sufficient cause."

66-2349 REGISTRATION REQUIRED. That in order to safeguard life, health and property, and to promote the public welfare, any person in either public or private capacity, practicing or offering to practice engineering or land surveying, shall hereafter be required to submit evidence that he is qualified so to practice, and shall be registered as hereinafter provided; and from and after the first day of January, 1958, it shall be unlawful for any person to practice or to offer to practice in this state, engineering or land surveying, as defined in this act, or to use in connection with his name or otherwise assume, use or advertise any title or description tending to convey the impression that he is a professional engineer or a land surveyor, unless such person has been duly registered under the provisions of this act.

66-2350 DEFINITIONS. As used in this act:

(1) "Professional Engineer" means a person who, by reason of his special knowledge and use of the mathematical, physical and engineering sciences, and the principles and methods of engineering analysis and design, acquired by engineering education and engineering experience, is qualified to practice engineering, and who has been duly registered and licensed as a professional engineer by the Board.

(2) "Engineer-in-Training" means a person who complies with the requirements for education, experience, and character, and has passed an examination in the fundamental engineering subjects, as provided in this act.

(3) "Practice of engineering" means any service or creative work, the adequate performance of which requires engineering education, training, and experience, in the application of special knowledge of the mathematical, physical, and engineering sciences, to such services or creative work as consultation, investigation, evaluation, planning and design of engineering works and systems, planning the use of water, teaching of advanced engineering subjects, engineering surveys and the inspection of construction for the purpose of assuring compliance with drawings and specifications; any of which embraces such services or work, either public or private, in connection with any utilities, structures, buildings, machines, equipment, processes, work systems, projects and industrial or consumer products or equipment of mechanical, electrical, hydraulic, pneumatic or thermal nature, insofar as they involve safeguarding life, health or property, and including such other professional services as may be necessary to the planning, progress and completion of any engineering services.

A person shall be construed to practice or offer to practice engineering, within the meaning and intent of this act, who practices any branch of the profession of engineering, or who, by verbal claim, sign, advertisement, letterhead, card, or in any other way represents himself to be a professional engineer, or through the use of some other title, implies that he is a professional engineer, or that he is registered under this act, or who holds himself out as able to perform, or who does perform any engineering service or work or any other service designated by the practitioner which is recognized as engineering. The term does not include the work ordinarily performed by persons who operate or maintain machinery or equipment, communication lines, signal circuits, electric power lines or pipelines.

(4) "Land Surveyor" means a person who (a) has been duly registered and licensed as a land surveyor by the Board, and (b) is a professional specialist in the technique of measuring land, educated in the basic principles of mathematics, related physical and applied sciences, and relevant requirements of law for adequate evidence and all requisites to the surveying of real property and engaged in the practice of land surveying as herein defined.

(5) "Land Surveyor-in-Training" means a person who has qualified for, taken, and passed an examination on the basic disciplines of land surveying as provided in this act.

(6) "Practice of Land Surveying" means any service or work, the adequate performance of which requires the application of knowledge of the principles of mathematics, physical sciences, applied sciences and

(a) the principles of property boundary law to the recovery and preservation of evidence pertaining to earlier land surveys;

- (b) teaching of land surveying subjects;
- (c) measurement and allocation of lines, angles, and elevations;
- (d) location of natural and man-made features in the air, on the surface of the earth, within underground workings, and on the beds of bodies of water, including such work for the determination of areas and volumes;
- (e) monumenting of property boundaries;
- (f) platting and layout of lands and the subdivisions thereof, including the alignment and grades of streets and roads therein; and
- (g) preparation and perpetuation of maps, plats, field note records, and property descriptions.

(7) "Board" means the Board of Professional Engineers and Land Surveyors.

(8) "Department" means the Department of Professional and Occupational Licensing.

(9) "Responsible charge" means direct control and personal supervision, either of engineering work or of land surveying, as the case may be. Only professional engineers or land surveyors may legally assume responsible charge under this act.

66-2351 BOARD - COMPENSATION - EXPENSES. Each member of the Board shall receive per diem when actually attending to the work of the Board or any of its committees and for the time spent in necessary travel. Such per diem shall be fixed by the Board in its sound discretion, but it shall not exceed twenty-five dollars (\$25) per day. In addition thereto, each member shall be reimbursed for travel expenses as provided for in sections 59-538, 59-539, and 59-801, involved in carrying out the provisions of this act.

66-2352. BOARD - ORGANIZATION - MEETINGS. The board shall hold at least two regular meetings each year. Special meetings shall be held at such time as the rules of the board may provide. Notice of all meetings shall be given in such manner as the rules may provide. The board shall elect annually the following officers: A chairman, a vice-chairman, and a secretary. A quorum of the board shall consist of not less than four members.

66-2353 BOARD - POWERS. The Board shall have the power to adopt and amend all rules and regulations, and rules of procedure, not inconsistent with the constitution and laws of this state, which may be reasonably necessary for proper performance and its duties and the regulations of the proceedings before it. The Board shall adopt and have an official seal.

In carrying into effect the provisions of this act, the Board, under the hand of its chairman and the seal of the Board, may subpoena witnesses and compel their attendance, and also may require the production of books, papers, documents, etc. in a case involving the revocation of registration or practicing or offering to practice without registration. Any member of the Board may administer oaths of affirmations to witnesses appearing before the Board. If any person shall refuse to obey any subpoena so issued, or shall refuse to testify or produce any books, papers or documents, the Board may present its petition to the district court, setting forth the facts, and thereupon, such court shall in a proper case, issue its subpoena to such person, requiring his attendance before such authority, and there to testify or to produce such books, papers and documents, as may be deemed necessary and pertinent by the Board. Any person failing or refusing to obey the subpoena or order of the said court, may be proceeded against in the same manner as for refusal to obey any other subpoena or order of said court. The practice of engineering or land surveying as defined herein, without a license, is hereby declared to be a public nuisance.

66-2354 RECEIPTS - DISBURSEMENTS - ASSISTANTS. The department shall collect all moneys under this act, and shall deposit these moneys in the earmarked revenue fund for the use of the Board subject to section 82A-1603 (6).

66-2355 RECORDS - REPORTS - REGISTER. The department shall keep a record of its proceedings and a register of the Board's proceedings and a register of applicants for registration, which shall show (a) the name, age, and residence of each applicant; (b) the date of the application; (c) the place of business of the applicant; (d) his educational and other qualifications; (e) the branch or branches of engineering in which the applicant qualified; (f) whether an examination is required; (g) whether the applicant was rejected; (h) whether a certificate or registration was granted; (i) the date of the action of the Board; and (j) other information considered necessary by the Board.

The records of the department are prima facie evidence of the proceedings of the Board and a transcript thereof, certified by the department, is admissible in evidence as if the original were produced.

66-2356. ROSTER. A roster showing the names and addresses of registered professional engineers and registered land surveyors shall be published by the department during the month of April each year. Copies of this roster shall be mailed to each person registered. Copies shall also be placed on file with the secretary of state, the clerk of each incorporated city and town, and in the office of each county clerk and recorder within the state and furnished to the public on request at a fee established by the board.

66-2357 REQUIREMENTS FOR REGISTRATION. The requirements for engineering and land surveying registration are:

(1) Engineering: To be eligible for admission to examination for professional engineer or Engineer-in-Training, an applicant must be of good character and reputation and submit five (5) references with his application for registration as a professional engineer, three (3) references shall be professional engineers with personal knowledge of his engineering experience, or in the case of an application for certification as an Engineer-in-Training, by three (3) character references.

The following is considered minimum evidence satisfactory to the Board that the applicant is qualified for registration as professional engineer, or for certification as an Engineer-in-Training, respectively:

(a) As a professional engineer:

(i) Registration by endorsement. A person holding a certificate of registration to engage in the practice of engineering, issued to him by a proper authority of a state, territory, or possession of the United States, the District of Columbia, or any foreign country, based on requirements that do not conflict with the provision of the act, and were of a standard not lower than that specified in the applicable registration act in effect in this state at the time the certificate was issued, may, upon application, be registered without further examination.

A person holding a certificate of qualification issued by the committee on national engineering certification of the National Council of Engineering Examiners, whose qualifications meet the requirements of this act, may upon application, be registered without further examination.

(ii) Engineering - Graduation - Experience - Examination. A graduate of an engineering curriculum of four (4) years or more, approved by the Board as being of satisfactory standing, and with a specific record of an additional four (4) years or more of progressive experience on engineering projects of a grade and character which indicates to the Board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the Fundamentals of Engineering, and an eight-hour written examination in the Principles and Practices of Engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iii) Engineering - Related Graduation - Experience - Examination. A graduate of an engineering or related science curriculum of four (4) years or more, other than the ones approved by the Board as being of satisfactory standing and with a specific record of eight (8) years or more of progressive experience on engineering projects of a grade and character which indicates to the Board that the applicant may be competent to practice engineering,

may be admitted to an eight-hour written examination in the fundamentals of engineering, and an eight-hour written examination in the Principles and Practices of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iv) Long established practice. A graduate of an engineering or related science curriculum of four (4) years or more, with a specific record of twenty (20) years or more of progressive experience on engineering projects of which at least ten (10) years have been in charge of important engineering projects, and of a grade and character which indicates to the Board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the Principles and Practices of Engineering. Upon passing such examination, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(v) Temporary Qualifications. A specific record of eight (8) years or more experience in engineering work of a character satisfactory to the Board, and successfully passing a written or written and oral examination designated to show that the applicant is competent to practice engineering. This requirement will automatically expire four (4) years from the effective date of this act.

(vi) Engineering teaching in a college or university offering an approved engineering curriculum of four (4) years or more, may be considered as engineering experience in these requirements, provided research, product development, or consulting has been a concurrent activity.

(b) As an Engineer-in-Training. The following shall be considered as minimum evidence that the applicant is qualified for certification as an Engineer-in-Training:

(i) Graduation and Examination. A graduate of an engineering curriculum of four (4) years or more, approved by the Board as being of satisfactory standing, shall be admitted to an eight-hour written examination in the Fundamentals of Engineering. Upon passing such examination, the applicant shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified.

(ii) Graduation - Experience - Examination. A graduate of an engineering or related science curriculum of four (4) years or more, other than the ones approved by the Board as being satisfactory standing, and with a specific record of four (4) or more years of progressive experience on engineering projects of a grade and character satisfactory to the Board, shall be admitted to an eight-hour written examination in the Fundamentals of Engineering. Upon passing such examination, the applicant shall be certified or enrolled as an Engineer-in-Training, if he is otherwise qualified.

(2) Land Surveying. To be eligible for admission to examination for land surveyor or Land Surveyor-in-Training, an applicant must be of good character and reputation, and shall submit five (5) references with his application for registration as a land surveyor, three (3) of which references shall be registered land surveyors having personal knowledge of his land surveying experience; or in the case of an application for certification as a Land Surveyor-in-Training, by three (3) references, one of whom shall be a registered Land Surveyor having personal knowledge of the applicant's land surveying experience.

The evaluation of a land surveyor applicant's qualifications involves a consideration of his education, technical, and land surveying experience, exhibits of land surveying projects of which he has been in charge, recommendations by references, and a reviewing of these categories. An interview may be held at the Board's discretion. Educational credit for institute courses, correspondence courses, etc. shall be determined by the Board.

One of the following shall be considered as minimum evidence to the Board that the applicant is qualified for registration as a land surveyor, or for certification as a Land Surveyor-in-Training, respectively:

(a) As a Land Surveyor:

(i) Graduation - Experience - Examination. Have a Bachelor of Science degree in an approved curriculum and present evidence satisfactory to the Board that, in addition thereto, he has had at least four (4) years of combined office and field experience in land surveying with a minimum of three (3) years of experience in charge of land surveying projects under the supervision of a registered land surveyor and who has passed the examinations as required by the Board.

(ii) Formal Education - Experience - Examination. Two (2) years of formal education in an approved curriculum above high school level with at least ninety (90) quarter credit hours passed, or equivalent semester hours, or the equivalent approved by the Board, and present evidence satisfactory to the Board that in addition thereto, he has had at least six (6) years of combined office and field experience in land surveying with a minimum of four (4) years of experience in charge of land surveying projects under the supervision of a registered land surveyor and who has passed the examinations as required by the Board.

(iii) Registration by Comity or Endorsement. A person holding a certificate of registration to engage in the practice of land surveying issued or comparable qualifications from a state, territory, or possession of the United States, will be given comity consideration. However, he may be asked to take such examinations as the Board deems necessary to determine his qualifications, but in any event, he shall be required to pass a written examination of not less than eight hours' duration, which shall include questions on laws, procedures and practices pertaining to the practice of land surveying in this state.

(b) As a Land Surveyor-in-Training:

(i) Graduation - Experience - Examination. Have a Bachelor of Science degree in an approved curriculum and present evidence satisfactory to the Board that he has had, in addition thereto, at least two (2) years of combined office and field experience in land surveying with a minimum of one (1) year in charge of land surveying projects under the supervision of a land surveyor, and who has passed the written examination required by the Board.

(ii) Formal education - Experience - Examination. Have at least two (2) years of formal education in an approved curriculum above high school level with at least ninety (90) quarter credit hours passed, or equivalent semester hours or the equivalent approved by the Board, and present evidence satisfactory to the Board that in addition thereto, he has had at least four (4) years of combined office and field experience in land surveying with a minimum of two (2) years in charge of land surveying projects under the supervision of a land surveyor, and who has passed the written examinations required by the Board.

66-2358. APPLICATION FOR REGISTRATION—FEES.

(1) Applications for registration shall be on forms prescribed by the board and furnished by the department, shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical work, and shall contain not less than five (5) references, of whom three (3) or more shall be engineers or land surveyors having personal knowledge of his engineering or land surveying experience.

(2) The fee for engineer-in-training is \$20, which shall accompany the application and shall include the cost of one examination. No additional fee is required for issuance of a certificate.

(3) The application fee for registration as a professional engineer is \$20 for those holding an engineer-in-training certificate validated for Montana. For those holding a valid engineer-in-training certificate from some other state, the application fee is \$30, which includes cost of transfer of engineer-in-training certification and one examination. Upon approval of application for registration as a professional engineer, payment of an additional fee equal to the existing yearly renewal fee must be paid before issuance of a certificate as a professional engineer.

(4) The department, subject to approval by the board, may, on application and payment of a fee of \$40, issue a certificate of registration as a

professional engineer to a person who holds a certificate of qualification or registration issued to him by the national council of engineering examiners or by a state, territory, or possession of the United States or by another country, if the applicant's qualifications meet the requirements of this act and the rules of the board.

(5) The fee for land surveyor-in-training is \$20, which shall accompany the application and shall include the cost of one examination. No additional fee is required for issuance of a certificate.

(6) The application fee for registration as a land surveyor is \$20 for those holding a land surveyor-in-training certificate validated in Montana. For those holding a valid land surveyor-in-training certificate from some other state, the application fee is \$30, which includes cost of transfer of the certification. No additional fee is required for issuance of a certificate. Upon approval of applications for registration as a land surveyor, payment of an additional fee equal to the existing yearly renewal fee must be paid before issuance of a certificate as a land surveyor.

(7) The application fee for registration as both a professional engineer and land surveyor is \$40 for those holding engineer-in-training and land surveyor-in-training certificates validated in Montana. For those holding valid engineer-in-training and land surveyor-in-training certificates from another state, the application fee is \$60. The fee shall accompany the application. Upon approval of application for registration as a professional engineer and land surveyor, payment of an additional fee equal to the existing yearly renewal fee must be paid before issuance of certificate.

(8) If the board denies issuance of a certificate of registration to any applicant, the initial fee deposited shall be retained as an application fee.

(9) No registration or license fee or tax may be imposed by a municipality or by any other political subdivision of the state on a person registered under this act."

Section 4. Repealer. Section 66-2364, R.C.M. 1947, is repealed.

66-2359 EXAMINATIONS. Examination requirements are as follows:

(1) The examinations shall be held at times and places as the Board directs. The Board shall determine the acceptable grade on examinations.

(2) Written examinations may be taken only after the applicant has met the other minimum requirements as given in section 66-2357 and has been approved by the Board for admission to the examination as follows:

(a) Engineering fundamentals. Consists of an eight hour examination on the Fundamentals of Engineering. Passing the examination qualifies the examinee for an Engineer-in-Training certificate, provided he has met all other requirements for certification required by this act.

(b) Principles — Practice of Engineering. Consists of an eight-hour examination on applied engineering. Passing this examination qualifies the examinee for registration as a Professional Engineer, provided he has met the other requirements for registration required by this act.

(c) Land Surveyor-in-Training. Consists of two (2) four-hour examinations designated as parts I and II, on the basic disciplines of land surveying. Passing these examinations qualifies the examinee for a land surveyor-in-training certificate, provided he has met all other requirements for certificates required by this act.

(d) Land Surveyor. Consists of being a Land Surveyor-in-Training and of two (2) four-hour examinations designated as parts III and IV, on the applied disciplines of land surveying. Passing these examinations qualifies the examinee for registration as a Land Surveyor, provided he has met the other requirements for registration required by this act.

(3) A candidate failing one examination may apply for re-examination which may be granted upon payment of a fee established by the Board. Before readmission to the examination in the event of a second failure, the examinee must appear before the Board with evidence of having acquired the necessary additional knowledge to qualify.

66-2360 CERTIFICATES OF REGISTRATION - SEAL. (1) The Department shall issue to any applicant who, in the opinion of the Board, has met the requirements of this act, a certificate of registration giving the registrant

proper authority to practice his profession and to assume responsible charge of engineering or land surveying projects in the state. The certificate of registration for a Professional Engineer shall carry the designation "Professional Engineer", and for a land surveyor, "Land Surveyor". It shall give the full name of the registrant with his serial number and shall be signed by the chairman and the secretary under the Seal of the Board.

(2) This certificate shall be prima facie evidence that the person named thereon is entitled to all rights, privileges and responsibilities of a professional engineer or land surveyor, while the said certificate of registration remains unrevoked or unexpired.

(3) Each registrant hereunder may, upon registration, obtain a Seal of a design authorized by the Board, bearing the registrant's name, serial number, and the legend, "Professional Engineer" and/or "Land Surveyor". Plans, specifications, plats and reports prepared by a registrant shall, when issued be certified, signed and stamped with the said seal or facsimile thereof. It shall be unlawful for a registrant to affix or permit his seal and signature or facsimile thereof to be affixed to any plans, specifications, plats or reports after the expiration of a certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provision of this act.

(4) The department shall issue to any applicant, who, in the opinion of the Board, has met the requirements of this act, an enrollment card as Engineer-in-Training or Land Surveyor-in-Training, which indicates that his name has been recorded as such in the Board office. The Engineer-in-Training or Land Surveyor-in-Training enrollment card does not authorize the holder to practice as a professional engineer or land surveyor.

66-2361 EXPIRATION - RENEWALS - FEE. Certificates of registration expire on December 31 and become invalid on that date unless renewed. The department shall notify every person registered under this act, of the date of the expiration of his certificate and the amount of the fee required for its renewal for one (1) year. This notice shall be mailed at least one (1) month in advance of the date of the expiration of the certificate. Renewal may be made during the month of December by the payment of a fee not to exceed twenty dollars (\$20) as set by the Board for either a professional engineer or land surveyor or both. Failure on the part of a registrant to renew his certificate annually in the month of December does not deprive him of the right of renewal; however, a registrant who fails to pay the renewal fee for two (2) consecutive years shall be considered a new applicant and is required to submit a new application.

66-2362 PERSONS PRESENTLY REGISTERED AS PROFESSIONAL ENGINEER AND/OR LAND SURVEYOR. No person who heretofore has been duly registered as a professional engineer and/or land surveyor under the laws of Montana and whose registration has not been revoked shall be required to register again under this act, and his former registration shall be fully recognized under the provisions of this act. All certificates including those for engineer-in-training heretofore issued and not revoked shall have the same force and effect as if they had been issued under the provisions of this act, and shall be subject to the same rules, terms and conditions as are the certificates provided for in this act.

66-2363 PUBLIC WORKS. This state and its political subdivisions such as counties, cities, towns, townships, boroughs, or other political entities or legally constituted boards, commissions, or authorities, or officials or employees thereof shall not engage in the practice of engineering or land surveying involving either public or private property without the project being under the direct charge and supervision of a professional engineer for engineering projects, or land surveyor for all land surveying projects, as provided for the practice of the respective professions by this act.

This state and its political subdivisions such as counties, cities, towns, townships, boroughs or other political entities or legally constituted boards, commissions, or authorities, or officials or employees thereof shall not accept plans and specifications for public buildings, water systems and storage

facilities, sewerage systems, waste water disposal projects, swimming pools, recreational facilities and similar type projects which may have a direct bearing on the public health and safety for approval unless they bear the seal of the professional engineer for engineering projects or the land surveyor for land surveying projects, or licensed architect for architectural projects, as provided for the practice of the respective professions by this act.

66-2365 REVOCATION OF REGISTRATION - HEARINGS - REISSUANCE OF CERTIFICATE. (1) The Board may revoke, reprimand, suspend, or refuse to renew the certificate of a registrant found guilty of:

(a) Fraud or deceit in obtaining a certificate of registration.
(b) Gross negligence, incompetency, or misconduct in the practice of engineering or land surveying as a registered professional engineer or land surveyor.

(c) A felony.
(d) Violation of rules for professional conduct for professional engineers and land surveyors adopted by the Board.

(e) If a land surveyor, failure to comply with the Corner Recordation Act.

(2) Any person may make charges of fraud, deceit, gross negligence, incompetency, or misconduct against a registrant. The charges shall be made by affidavit, and subscribed and sworn to by the person making them, and filed with the department. Charges, unless dismissed by the Board as unfounded or trivial, shall be heard by the Board within three (3) months after the date on which they were made.

(3) The Board may require a registrant to take a written or oral examination, or both, in a proceeding to revoke, reprimand, suspend, or refuse to renew.

(4) If, after hearing four (4) or more members of the Board vote in favor of sustaining the charges, the Board shall reprimand, suspend, refuse to renew, or revoke the certificate of registration of the registered professional engineer or land surveyor.

The Board, for reasons it considers sufficient, may reissue a certificate of registration to a person whose certificate has been revoked if four (4) or more members of the Board vote in favor of the reissuance. A new certificate of registration, to replace a certificate revoked, lost, destroyed, or mutilated, may be issued by the department, subject to the rules of the Board.

66-2366 VIOLATIONS - PENALTIES - ENFORCEMENTS. A person who practices or offers to practice, engineering or land surveying in this state without being registered under this act, or a person presenting or attempting to use as his own the certificate of registration, or the seal of another, or a person who gives false or forged evidence to the Board or department, in obtaining a certificate of registration, or a person who falsely impersonates another registrant, or a person who attempts to use an expired or revoked certificate of registration, or a person who violates this act, is guilty of a misdemeanor, and shall, on conviction, be fined not less than one hundred dollars (\$100), nor more than five hundred dollars (\$500) or imprisonment for a period not exceeding three (3) months, or both.

All officers of the law of this state, or a political subdivision thereof, shall enforce this act and prosecute persons violating it. The attorney general shall act as a legal adviser of the Board and render legal assistance necessary in carrying out this chapter.

66-2367 EXEMPTION CLAUSE. The following are exempt from coverage under this act:

(1) The practice of any other legally recognized professions or trades.
(2) The mere execution of work by a contractor, as distinguished from its planning or design or the supervision of the construction of work as a foreman or superintendent.

(3) Employees and subordinates. The work of an employee or a subordinate of a person holding a certificate of registration under this act, or an

employee of a person practicing lawfully under this act; provided such work does not include final engineering or land surveying, designs, or decisions, and is done under the direct supervision of a person holding a certificate of registration under this act or a person practicing lawfully under this act.

(4) The practice of professional engineering by licensed architects where the practice is purely incidental to their practice of architecture.

(5) The practice of professional engineering or land surveying in this state by a firm, copartnership, corporation, or joint-stock association or by its members, officers, or employees on its behalf, if each person personally supervising and in direct charge of all activities of the firm, copartnership, corporation, or joint-stock association which constitutes the practice, is a professional engineer or land surveyor holding a certificate of registration under this act.

66-2368 ISSUANCE OF TEMPORARY PERMITS. Temporary permits are governed by the following:

(1) Professional Engineer. The practice or offer to practice engineering by a person not a resident of or having no established place of business in this state, provided such person is legally qualified by registration to practice engineering in his own state or country, provided the requirements for registration in his home state or country are not less than those defined in this act. Such person shall make application to the Board in writing. The application must be accompanied by a fee set by the Board. Upon approval by the Board, they may be granted a written permit for a definite period of time not to exceed one (1) year to do a specific job, provided, however, no right to practice engineering shall accrue to such applicant with respect to any other works not set forth in said permit.

(2) Land Surveyor. The practice of land surveying under a temporary permit by such a person registered as a land surveyor in another state is not considered to be in the best interests of the public and, therefore, shall not be granted.

66-2369 INTERPRETATION OF PRACTICE OF ENGINEERING AND PRACTICE OF LAND SURVEYING. (1) A person shall be construed to practice or offer to practice engineering, within the meaning of intent of this act, who practices any branch of the profession of engineering; or who, by verbal claim, sign, advertisement, letterhead, card or in any other way represents himself to be a professional engineer, or through the use of some other title implies that he is a professional engineer or that he is registered under this act; or who holds himself out as able to perform, or who does perform any engineering service or work or any other service designated by the practitioner which is recognized as engineering.

(2) Any person shall be construed to practice or offer to practice land surveying within the meaning and intent of this act, who engages in land surveying or who by verbal claim, sign, letterhead, card, or in any other way represents himself to be a land surveyor, or through the use of some other title implies that he is a land surveyor, or who represents himself as able to perform, or who does perform any land surveying service or work, or any other service designated by the practitioner, which is recognized as land surveying.

ORGANIZATIONAL RULE

40-3.86 (1)-08600 BOARD ORGANIZATION (1) The Board of Professional Engineers and Land Surveyors hereby adopts and incorporates the organizational rules of the Department of Professional and Occupational Licensing as listed in Chapter 1 of this title.

Sub-Chapter 2

PROCEDURAL RULES

40-3.86 (2)-P8610 PROCEDURAL RULES (1) The Board of Professional Engineers and Land Surveyors hereby adopts and incorporates the procedural rules of the Department of Professional And Occupational Licensing as listed in Chapter 2 of this title.

Sub-Chapter 6

SUBSTANTIVE RULES

40-3.86 (6)-S8620 VACANCIES (1) If, for any reason, a vacancy shall occur in the Board, the Chairman shall prepare a notice to the Governor asking for the appointment of a new member to fill the unexpired term. A copy of the notice shall be sent to each Board member. If the vacancy shall occur in the office of the Chairman, the Vice Chairman shall prepare the notice. In such case, the Board shall elect, from its own membership, at the first regular or special meeting following the appointment of the new member, a new Chairman to serve for the balance of the unexpired term.

40-3.86 (6)-S8630 QUORUM (1) Four members of the Board shall constitute a quorum of any meeting.

40-3.86 (6)-S8640 BOARD MEETINGS (1) **Order of Business:** The order of business at all regular and special meetings of the Board shall be as follows:

- (a) Roll call.
- (b) Reading of minutes.
- (c) Report of committees.
- (d) Report of Secretary and reading of communications.
- (e) Unfinished business.
- (f) New business.
- (g) Reading and consideration of applications.
- (h) Adjournment.

(2) **Procedure:** "Roberts' Rules of Order" shall govern the proceedings of the Board except as otherwise provided herein or by statute.

(3) **Meetings:** An annual meeting shall be held during July each year, the exact time and place to be determined by the Chairman and set forth in a written notice, copy of which shall be mailed to each member at his last address of record at least ten days in advance of the date of the meeting.

(a) A special meeting may be called at any time by order of the Chairman on the written request of any three members of the Board. Notice as prescribed above or telegraphic notice not less than seventy-two (72) hours in advance of the date and time of the meeting, shall be given each member, said notice setting forth the exact time and place of the meeting as determined by the person issuing the call.

(b) Notice less than seventy-two hours in advance of a called special meeting may be given by telephone or other means provided such member, or members of the Board, as are absent from the meeting sign a statement accepting the call in lieu of notice as set out in the preceding paragraph. Attendance at the meeting will be evidence of acceptance of the call by whose members present.

(4) **Meeting Attendance:** Any Board member who misses three or more consecutive un-excused meetings shall be proposed to the Governor for consideration of "neglect of duty".

40-3.86 (60-S8650 SEAL (1) The seal of the Board shall be an embossed circular seal one and one half inches in diameter, consisting of two concentric circles. The inner circle shall contain the Great Seal of the State of Montana and the seal shall contain the wording "Montana Board of Registration - Professional Engineers and Land Surveyors."

40-3.86 (6)-S8660 APPROVAL OF SCHOOLS (1) Engineering schools, or colleges approved by the Board are those which require for entrance, graduation from an accredited high school or preparatory school (or equivalent by the passing of advance standing examination), which offer a minimum of a four year course leading to a degree of bachelor of science in recognized branches of engineering, or its equivalent, and which are either approved by the Engineers' Council for Professional Development or equivalent curricula as approved by the Board.

(2) The Board will review any questions of curricula on an individual basis, using acceptable curricula existing at the time of the individual's study as a guide for evaluation.

40-3.86 (6)-S8670 BOARD ORGANIZATION (1) The Board shall elect, from its members a Chairman, Vice-Chairman, and the Secretary at the regular July meeting of each year.

(2) The Chairman shall be the executive officer of the Board. When present, he shall preside at all meetings. He shall appoint such committees as the Board may authorize from time to time. He shall sign all certificates and other official documents. He shall perform all other duties usually pertaining to the office of Chairman and permitted by law.

(3) The Vice-Chairman, in the absence of the Chairman, shall perform the duties delegated to the Chairman in the preceding paragraph, except that the Chairman shall sign all official papers of the Board.

(4) In the absence of the Chairman and the Vice-Chairman from a regular or special meeting of the Board, the remaining members shall elect a Presiding Officer, who shall serve until the conclusion of the meeting or until the arrival of the Chairman.

(5) The Secretary shall be responsible for the supervision of all correspondence, applications and financial records of the Board.

40-3.86 (6)-S8680 AFFILIATION WITH NATIONAL ASSOCIATIONS (1) The Board may affiliate with the National Council of State Boards of Engineering Examiners. Any delegate or delegates to the Council appointed by the Board shall attend the annual meeting of the Council at the expense of the Board.

40-3.86 (6)-S8690 CODE OF ETHICS (1) The Board will expect all engineers and land surveyors to uphold and advance the honor and dignity of the Engineering and Surveying Profession and Registration law within the ethical standards set forth in both the "Codes of Ethics" included in the application form and as published by the National Society of Professional Engineers.

40-3.86 (6)-S86000 MAINTAIN FINANCIAL AND OTHER RECORDS (1) The fiscal year of the Board shall begin July 1 and close June 30 of each year. Department shall maintain complete records of financial transactions as prescribed by the State Auditor and by law.

40-3.86 (6)-S86010 PREPARATION AND PUBLICATION OF ROSTERS, NOTICES, AND ORDERS (1) The Secretary of the Board shall oversee the publishing and distribution of a roster each year during the month of April in accordance with Section 66-2356 of the registration law.

(2) The Chairman shall direct meeting notices to be prepared, distributed and published in accordance with as listed in Chapter 6 of this title.

(3) The Chairman may direct any notice or order issued by the Board or required by law to be prepared, distributed and published.

40-3.86 (6)-S86020 APPLICATIONS (1) **Registration:** Applications received by the Board shall be examined for conformity with the rules and regulations governing applications as established by the Board. Applications accompanied by proper fees and in the form prescribed shall be entered in the records of the Board. Applications not accompanied by proper fees or not conforming entirely to the rules and regulations shall be returned to the applicant, with instructions as to the correction thereof, or held in abeyance until in proper form as prescribed by the Board.

(a) When applications accompanied by proper fees are accepted and entered in the books of the Board, the references cited in the respective applications shall be contacted in the manner prescribed by the Board. If replies from the references cited are not received within a reasonable time, the applicant shall be notified to that effect.

(b) When all necessary information has been brought together with regard to a given applications, each Board member shall be provided with a summary of the applications. The application with all incidental papers shall be immediately brought to the attention of the Board at the first subsequent meeting.

(2) **Form of Application:** All applications for registration shall be made on printed form provided by the Board and no applications made otherwise will be accepted. As a part of the required information, a Supplementary Experience Record shall be submitted on the sheet provided by the Board to which additional sheets may be attached, which shall be of plain white paper, 8½ x 11 inches in size. Such additional sheets shall be typed on one side only. Applications must be clearly typewritten in black, suitable for photostatic copy, and all questions must be answered. An application not properly made out, or not containing all of the information provided for, or not accompanied by the required fee will be returned with a statement of the reasons for return. Each copy of the application shall be accompanied by an unmounted, recognizable, recent photograph of the applicant, with date taken or photo-engraving of same (size 2x2½ inches overall with face not less than ¾ inches wide).

(a) Applications shall be subscribed and sworn to before a notary public or other person qualified to administer oaths.

(b) The conditions set out in the application form, including the Code of Ethics, shall be construed to be a part of the rules and regulations.

(3) **References:** Upon receipt of an application, a copy of the Board's uniform questionnaire and form letter shall be transmitted to five (5) or more references. Applicants will note that three or more of the references shall be Professional Engineers. No member of the Board will be accepted as a reference.

(a) Any Board member may make an independent investigation of the applicant's qualifications and report his findings to the Board.

(b) No statement of a reference will be accepted by the Board unless such statement answers fully the questions submitted by the Board, and bears

the signature of the references. Until such time as the required replies from the references are received, the Board will not take action on the application, provided that if the required complete replies are not received by the Board within a period of three (3) months after the date of receipt of the application in the office of the Board the application may be rejected.

(4) **Disposal of Applications:** When the Board, after due consideration of an application and of information pertaining thereto, is satisfied that the applicant is eligible for registration under the particular classification under which the application is made, the applicant will be voted registration. If the finding of the Board is that the applicant is not eligible for registration under the classification under which the application is made, the Board may vote the applicant registration in such other classification as it finds that he is eligible. The applicant will be notified of the action by the Board.

(a) If the Board is unable to determine from the information provided by the applicant whether the applicant is eligible for registration, the application shall be deferred and the applicant requested to furnish such additional information as may be necessary. If after one (1) year from the date of the request for such information, no reply has been received, the application will be rejected and a new application will be required.

(b) If after one (1) years from date of notification of approval, an applicant has not paid the required registration fee, he shall be notified that unless such payment is made within thirty (30) days, a new application for registration must be made under a section of the law applicable on the date the new application is filed, and accompanied by a new application fee.

(5) **Rejected Applications:** If an application is rejected, the Board will advise the applicant in accordance with provisions of the act.

(6) **Reconsiderations and Reapplications:** At any time within one (1) year after date of notice of action by the Board, a request may be made for reconsideration of an application which has been rejected. After one (1) year has expired, a new application is required and must be made under a section of the law applicable on the date this new application is filed.

(a) Reconsideration does not take into account experience or educational progress subsequent to the date of application. Applications are considered as of the date when filed.

(b) A rejected applicant may request reconsideration under the section in which he applied, at any time within one (1) year, without additional fees, but additional or explanatory evidence bearing on the record as filed, and as of the date originally filed, must be furnished to the Board.

(c) An applicant who is registered and applies for registration under a different section should submit a new application accompanied by the usual fee.

40-3.86 (6)-S86030 GRANT AND ISSUE LICENSES

(1) **Seals:** Upon approval of his application by the Board, the registrant will be advised that he may secure an official seal, and informed of the requirements of the law with regard to the use of such seal.

(a) Seals for Professional Engineers and Land Surveyors will be furnished by the Board at cost upon request. Seals of two different sizes are authorized; pocket seal, the size commercially designated as a 1-5/8 inch seal; or a desk seal, commercially designated as a 2 inch seal. The seal will bear the registrant's name, serial number, and the legend "Registered Professional Engineer," "Registered Land Surveyor," or "Registered Professional Engineer and Land Surveyor."

(b) For stamping plans, specifications, and reports registrants are authorized to have a rubber stamp copy made of their official seal; however,

the title page of all sets of plans and all documents filed with public authorities must bear the imprint of the official seal.

(2) **Certificate of Registration:** A certificate of registration will be issued by the Board after approval of an application, payment of registration fee (if required), and verification of the applicant's usual written signature. The certificate shall be signed by the Chairman and the Secretary and shall bear the serial number of the registrant.

(a) Applicants approved for registration as Professional Engineers and Land Surveyors shall receive one certificate of registration authorizing the practice of Professional Engineering and Land Surveying.

(b) The application of any applicant who fails to complete his registration as provided herein above within a period of six (6) months after notice is mailed to him by the Board that he has been voted registration, shall be rejected upon action of the Board.

(3) Experience of practice in engineering work or land surveying "of a character satisfactory to the Board" shall mean experience which the Board deems to be Professional Work, or its equivalent, as defined herein, of which at least one (1) year must have been spent in actual responsible charge of Professional Work.

(a) Each year of experience in Sub-Professional Work, as defined herein may be credited as one-half ($\frac{1}{2}$) year toward the requirement of experience or practice of a character satisfactory to the Board. Only experience of the applicant which is classified as Sub-Professional or Professional Work by the Board will be considered.

(4) Sub-Professional Work shall be construed to cover the time spent as Rodman, Chainman, Instrumentman, Inspector, Recorder, Draftsman, Computer, Tester, Superintendent of Construction, or Clerk of the Works, Junior Engineer, or similar work; that is, positions in which the responsibility is slight and the individual performance of a task, set and supervised by a superior, is all that is required. It shall also include experience attained before the applicant is twenty-one (21) years of age, except as modified by the statement in regard to education in the defined Professional Work.

(5) Professional Work shall include the time after the applicant is twenty-one (21) years of age, during which he has been occupied in engineering or land surveying work of a higher grade and responsibility than the above defined as Sub-Professional Work. A graduate of an approved engineering curriculum applying for registration under section 66-2357 (1) (a); or in the case of an applicant for registration as a Land Surveyor, a graduate of an approved school applying for registration under section 66-2357 (3) (a), will not list as experience the time spent in undergraduate training. Where the applicant does not apply under section 11-2357 (1) (a), education may be considered as Professional Work. Each academic year completed in an engineering school approved by the Board shall be rated as one (1) year of Professional Work. Graduation from a course other than engineering from a college or university of recognized standing may be considered as two (2) years of Professional Work. However, not more than four (4) years of Professional Work shall be credited because of undergraduate educational qualifications. The Board may, at its discretion, give not more than one (1) year of credit for Professional Work for satisfactory graduate study in engineering. Time spent in teaching of engineering subsequent to graduation shall be considered Professional Work. The mere execution, as a contractor of work designed by an engineer, or mere supervision of construction of such work as foreman or superintendent shall not be deemed to be Professional Work.

(6) **Responsible Charge of Professional Work Means:**

(a) In the field, the applicant must have had the direction of work, the successful accomplishment of which rested upon him, where he had to decide questions of methods of execution and suitability of materials, without relying upon advice or instructions from his superiors, and of supplying deficiencies in plans or correcting errors in design without first referring them to higher authority for approval, except in cases where such approval is a mere matter of form.

(b) In the office, the applicant must have had to undertake investigations, or carry out important assignments, demanding resourcefulness and originality, or to make plans, write specifications and direct drafting and computation for designs or engineering, with only rough sketches, general information and field measurements for reference and guidance.

(c) In teaching, the applicant must have taught in an engineering school of recognized standing, and must have had, at least, a grade of assistant professor, or its equivalent.

(7) The Board, in passing on each of these requirements as defined, will carefully weigh the evidence of experience submitted by the applicant and the replies received from his references.

(8) Each applicant for registration under section 66-2357(3)c, (1)c, unless otherwise exempt by the Board, shall be required to submit plans, drawings, specifications, field notes, maps, design computations, and such reports of engineering or land surveying work accomplished by him, as may be required by the Board, and will be required to appear before the Board for a personal interview. The applicant must be prepared to discuss the data submitted for the purpose of demonstrating to the Board that he has acquired education, knowledge, and experience approximating that required under sections 66-2357(p1) (a) 66-2357(1) (b), 66-2357(3) (a), and 66-2357(3) (b). These documents shall be submitted by the applicant in time for review by the Board prior to the meeting at which the interview occurs.

40-3.86 (6)-S86040 PREPARATION OF LICENSES (1) Registration Number: At the time an applicant is voted registration by the Board, he will be assigned a serial number. These numbers will be issued consecutively in the order in which the applications are approved by the Board. The applicant will be advised of his serial number in the notice sent him.

40-3.86 (6)-S86050 EXAMINATIONS (1) After July 15, 1957, registration as a Professional Engineer under Section 66-2357 (1) (a) and (1) (b) and as Land Surveyor under Section 66-2357 (3) (b) will be by examination as designated below.

(2) Examinations will be held at such time and place as the Board may designate. Applicants of which examinations will be required will be notified of the time and place at least thirty (30) days in advance. The examination is divided into two parts as follows:

(a) Part I, which is written, will cover fundamentals of engineering or land surveying as the case may be, and may be with or without books. Time allowed is set by the Board, with a minimum of eight hours. Passing the fundamentals is credited to that part of the registration examination, and need not be repeated when applying for registration. The land surveying fundamentals may include Montana surveying laws.

(i) The Engineering Fundamentals Examination for non-civil engineers is waived for graduates of 1957 or earlier.

(b) Part II, which is written, will cover the practice of Professional Engineering or the practice of Land Surveying as the case may be. The time allowed is eight hours.

(3) The examination for registration as a professional engineer or land surveyor will consist of Part I and Part II.

(4) A passing grade of seventy (70) per cent in each part of the examination will be required.

(5) A candidate failing to pass any part of the examinations may take that part again at a subsequent examination period upon payment of the re-examination fee.

(6) The examinee may review his examination paper in the Board office within 90 days after being notified of his status. No notes are to be made nor any marks made on the examination paper.

The examination documents (test papers) will be retained in the examinee's file for a period of two years, and then destroyed.

40-3.86 (6)-S86060 RENEWALS (1) Certificates of registration shall expire on the last day of the month of December following their issuance or renewal and shall become invalid on that date unless renewed, provided, however, that certificates issued prior to January 1, 1958, shall expire December 31, 1958. It shall be the duty of the Board to notify every person registered under the act, of the date of the expiration of his certificate and the amount of the fee that shall be required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of the expiration of said certificate. Renewal may be affected at any time during the month of December by the payment of a fee of twelve (\$12.00) dollars for either a Professional Engineer or Land Surveyor or both. The failure on the part of any registrant to renew his certificate annually in the month of December as required above shall not deprive such person of the right of renewal but the fee to be paid for the renewal of a certificate after the month of December shall be increased to ten per cent for each month or fraction of a month that payment of renewal is delayed; provided, however, that the maximum fee for delayed renewal shall not exceed twice the normal renewal fees.

40-3.86 (6)S86070 RECIPROCITY (1) **Registration by Endorsement:** The Board may, without written examination, upon application therefore and payment of proper fee, issue a certificate of registration as a Professional Engineer to any person who submits evidence that he holds a certificate of Qualification or Registration issued to him by proper authority of the National Bureau of Engineering Registration operated by the National Council of State Board of Engineering Examiners, or of any State or Territory or Possession of the United States, or of any country provided that the applicant's qualifications meet the requirements of the act and of the rules established by the Board. Such applicants shall, as part of their application, complete and send to the Board the standard application form.

(a) When application for registration by endorsement is made the Montana Board shall secure from the examining board by which the certificate of registration involved was issued, complete information as to the basis for the issuance of said certificate, provided, however, that if the applicant presents evidence of a certificate issued by the National Bureau of Engineering Registration bearing thereon as an endorsement proper authorization by the authorized official of the State Board of Engineering Registration of the state in which the holder of the certificate is a resident, such inquiry may be omitted.

(b) All non-resident applicants who are not registered in their home state or who registered under standards lower than Section 66-2357 of the act shall not be eligible for registration by endorsement.

(c) The Board will, upon application for reciprocal registration by one of its registrants, certify as to his qualifications.

(2) **Non-Registered, Non-Residents:** Applications for registration as Professional Engineer and/or Land Surveyor from persons who are not residents of Montana and who are not registered in their home state or county will not be approved by the Board.

(3) **Registration by Reciprocity Without Examination:** An out-of-state registrant, who has not entered his registration by examination, will generally be granted registration in Montana without examination as follows:

(a) Engineers holding a certificate of qualification issued by the National Council of State Boards of Engineering Examiners, or by the National Bureau of Engineering Registration.

(b) Engineers registered under a provision of the law permitting registration to applicants who have graduated from a school or college in an engineering curriculum of four (4) years or more of experience in engineering work of a character satisfactory to the Board; provided the certificate of registration was issued prior to July 1, 1948, for civil engineers and July 1, 1957, for others.

(c) Engineers registered under a provision of the law permitting registration to applicants who have a specific record of twelve (12) years or

more of lawful practice in engineering work of a character satisfactory to the Board, of which at least five (5) years has been in responsible charge of important work, provided such registration was granted under requirements not lower than those of the Montana Law and the by-laws and rules of this Board.

(4) **Non-Resident Practice in Montana:** A person not a resident of and having no established place of business in this state, practicing or offering to practice within the profession of Professional Engineering or Land Surveying when such practice does not exceed thirty (30) calendar days in any calendar year shall not be required to register in Montana, provided:

(a) Such person is legally qualified by registration to practice the said profession in his own State or Country in which the requirements and qualifications under which he registered were not lower than those of this state.

(b) Such person notify the Board of his desire to practice in this state prior to making an agreement for such practice and setting forth the name of the client, description of the job, date such practice will start and cease.

(c) Such person submit evidence of legal registration in his own state, and receive the approval of the Board for such practice.

(d) Such person notify the Board at the completion of practice in this state of the exact date such practice started and ended.

(e) Such person shall remit sixty dollars (\$60.00) with his permit form.

40-3.86 (6)-S86080 DUPLICATE OR LOST LICENSES (1) A registrant requesting a new certificate of registration to replace a certificate shall surrender to the Board if possible, the original certificate held by him and shall file with his request a sworn affidavit setting out the reason for his request so that the Board records will reflect the reason for its issuance of a new certificate.

40-3.86 (6)-S86090 FEES SCHEDULE (1) **Fees:** Fees shall be transmitted by money order or certified check payable to Montana State Board of Professional Engineers and Land Surveyors. The Board assumes no responsibility for loss in transit of such remittances. Applications not accompanied by the proper fee will be returned to the applicant.

(2) In every case should the Board deny the issuance of a certificate to any applicant, the initial fee deposited shall be retained by the Board as an application fee.

(3) The annual renewal fee for registration as a Professional Engineer or Land Surveyor shall be twelve dollars (\$12.00). The annual renewal fee for registration as Professional Engineer Surveyor shall be eighteen dollars (\$18.00).

40-3.86 (6)-S86100 SUSPENSIONS AND REVOCATIONS (1) Under the provisions of the act, certificates of registration may be revoked by the Board for cause and after proper hearings as fully set out in section 66-2365 of the act.

(2) When a certificate of registration is revoked, the individual shall surrender to the custody of the Secretary, his certificate, pocket registration card, and seal.

40-3.86 (6)-S86110 COMPLAINT PROCESS (1) **Complaint Against a Registrant:** Anyone wishing to enter a complaint against a registered Professional Engineer and/or Land Surveyor, shall do so on Form 31072, provided by the Board, see the following page 27- as listed in Chapter 86, Sub-Chapter 6, MAC 40-3.86(6)-S86120 (1).

(2) Anyone wishing to enter a complaint against any person practicing

or offering to practice engineering and/or land surveying, as defined within the registration law, may do so through their local law officers.

(3) The Board will, within its authority, assist any person wishing to enter any complaint against any violator of this act.

40-3.86 (6)-S86120 SAMPLE OF STANDARD FORM (1) The following sample form 31072 on page 28- is to be used as listed in Chapter 86, Sub-Chapter 6, per rule MAC 40-3.86(6)-S86110(1).
